January 18, 1957

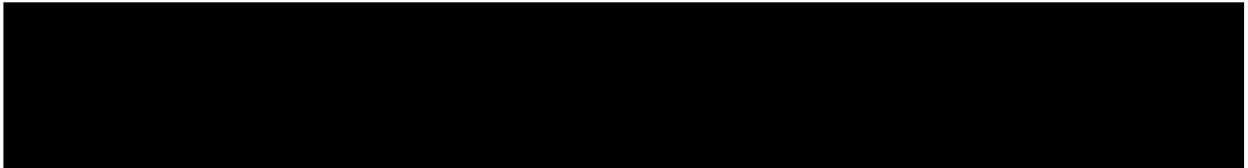

Dear George:

The enclosed proposal covers the cost of spare parts and fabricated components to be procured and stocked at our plant for repair and retrofit work as agreed with you previously. Two separate lists are presented - one for System 1 material, Exhibit A, and one for System 3 material, Exhibit B. The lists set forth here should be regarded as tentative proposals. We would like to reserve the right to make changes in specific items and quantities based on our judgment, but not to increase the overall cost without additional authorization from you. The lists presented do provide the basis for the material cost estimate.

In accordance with your verbal authorization we began making limited purchases of these parts in December 1956.

25X1A

Sincerely,

25X1A
